

Stone Mizer®

Bedding Material Containers

Uses:

Efficiency's Stone Mizer® Series offers wider and more durable bedding material containers than any competitor, and can accommodate oversized excavator buckets while withstanding the forces of larger excavators. Stone Mizers® are available in capacities ranging from 5 to 20 cu. yd. in four different series types: *Standard*, *Heavy Duty*, *Extended Width Heavy Duty*, and *Extended Width Severe Duty*. Custom built models are also available.

Advantages:

Efficiency's Stone Mizer® substantially reduces bedding material loss by keeping it confined to the container. They allow operators to control bedding placement carefully, with a minimum of waste which saves contractors thousands of bottom line dollars each year by:

- Reducing the time that production crews wait for pipe bedding transfers.
- Reducing the amount of costly wasted or spilled bedding.
- Reduces restoration costs.
- Saving more time for pipe production.

Sizing & Using a Stone Mizer®

Machine Size (lbs.)	Stone Mizer	
Up to 35,000.....	5 cu. yd.	■ Mizers should hold a minimum of four buckets (large enough to make one complete cut or cycle).
35,000 - 55,000	7.5 cu. yd.	■ The inside dimension of the Mizer should be at least 12 in. wider than the excavator bucket.
55,000 - 75,000	9 cu. yd.	■ Heavy duty designs are recommended for 90,000+ lbs. excavators.
75,000 - 90,000	10 cu. yd.	■ Special designs are available.
90,000 - 120,000	12 cu. yd.	
120,000 - 140,000	15 cu. yd.	
140,000 - 170,000	20 cu. yd.	
170,000 - and up	Custom	

Stone Mizers® are tapered at both ends to facilitate removal of material with an excavator bucket.

Standard Series:

- 1/4 in. plate sides and ends.
- 1/2 in. plate bottom.
- Lift Bar included.
- 24 in. clearance between lift bar and Stone Mizer®.

Heavy Duty Series:

- 3/8 in. plate sides.
- 1/2 in. plate ends and bottom.
- Lift Bar included.
- 24 in. clearance between lift bar and Stone Mizer®.
- Recommended for 90,000+ lb. excavators.

Extended Width Heavy Duty Series:

- Heavy duty construction.
- 3/8 in. plate sides.
- 1/2 in. plate ends and bottom.
- Lift Bar included.
- Substantially wider than standard series.
- Better accommodates excavators with oversized buckets.

Extended Width Severe Duty Series:

- Engineered to be used with larger excavators of 140,000+ lbs.
- Heavy duty construction.
- 1/2 in. plate sides.
- 3/4 in. plate ends and bottom.
- Lift Bar included.

Proper Use of Stone Mizer® with Trench Shield
